IN A BAD WAY It is plain that the democratic party is bad way in Ohio. With its usual capacity for blundering, it has ppt itself on the wrong side of the liquor question, and thus at the beg uning of the courset it alienates the large class from whom a party must derive the moral sup port which gives it its principal strength . A fight for spoils, whereby it has been divided been overrated and the fight for spoils has re

the liquer interest turns against that party | 1038 who believe that the evils of the liquor traffic

an sarong republican states. If the semocra it party could have made itself the party of ciril service reform it might have ousted be republican party a good while ago.

HONORS ARE EAST

When Mr Whitelaw Rend got at a milliondollar wife, two or three years ago, ournalism enjoyed a ifemendous "boom. This single profession trem as Market by the odor of the same semperor over the third which hang about it. A little of the odor of the reasonably certain therefore, that this powerty, however, remained, b this is policy, if persisted in, will bring France into Standard asys it is "not to much the fear of China, as a wish not to irritate other powers on daily newspapers average one hundred for every vacancy, a large and somewhat discouraging proportion, but since Mr Swinton's testimony has gone forth to the world we fear that the article of these that the article of these that the article of the order of the or the pen, which is so much might or that the sword, will increase rather than deminish We managing editors next year with offere of their country are the righly rewarded princes o toil, since there are editors, who are also proprietors, whose salaries are \$600,000 a year. For salaries come, and the statemen, will bardly pendent or othe contenteur till on real merit can be made known, be may be retired as a many be retired as a very mode at the section of persons and the section of persons and the section of the contents of the world's allowed the section of the world's allowed the world makes and be so surprising to many as that correspon
